

Careybrook Limited

Price & Stock List

30th September 2019

All the stock available is suitable for automotive heating system use in general terms, however the use of a specific part for a particular purpose on a particular vehicle must be subject to ensuring that the parts design is compatible with the requirements of the specific application in which it is to be used, this applies not only to automotive system applications but to any other use for which the part is used. It is up to the purchaser to satisfy themselves as to the suitability of the part purchased for the application in which it is to be used, no responsibility can be taken for parts used in applications for which they are not suitable.

The prices quoted are the list prices of the item on the date stated and reflect the price that would be paid for a single item by an end user. Discounts are available for bulk purchases and/or trade customers,

All purchases are subject to delivery charges and VAT at the rate applicable on the date of purchase.

Any delivery discrepancies must be reported within 3 days.

All goods remain the property of Careybrook Limited until payment is received in full for the goods invoiced.
